Comments: Dear Members of ICCVAM,

I am writing this email to support the immediate acceptance of internationally validated non-animal tests by ICCVAM. So much suffering is caused by animal testing -- some to creatures so very like humans. And causing any animal to suffer, especially when there are other alternative methods of testing, is unacceptable. Please do everything in your power to see that animal testing becomes a thing of the past. Humanity and mankind as a whole will be much the better for it.

Thank you.

Sincerely,

T. Rogers
